EXPERIENCE

Google Developer Student Clubs, BBDEC, Lucknow: Technical Writer

August 2024 – present

- Enhanced the technical learning experience for my peers and fostered a vibrant developer community on campus.
- Collaborate closely with fellow students and industry professionals to create clear and insightful technical documentation and resources.

ACADEMIC PROJECTS

Electricity Billing System

July 2023 – September 2023

- Software-based application developed using AWT, Core Java, Swing, MySQL.
- Streamline and automate electricity billing, manage customer connections, and securely store customer records, with core focus on precise calculations of electricity consumption.

Move with Joy - Website (Frontend)

July 2023 - August 2023

- Developed the "Move with Joy" website using HTML, CSS, and JavaScript, focusing on the front-end design and user interface. The website provides a seamless and user-friendly platform for individuals looking to relocate with ease.
- The website provides a seamless and user-friendly platform for individuals looking to relocate with ease

Personal Portfolio Website

July 2023 - August 2023

- Created a personal portfolio website using Next.js and Tailwind CSS for a modern and responsive design. Hosted the website on Vercel and utilized Git/GitHub for seamless deployment.

ACCOMPLISHMENTS

Runner up in Inter College Technical Quiz

February 2023

- Attained the second position of Runner-Up in the Inter College Technical Quiz, held during the Utkarsh 2023 (Annual College Fest at Babu Banarasi Das University).
- Showcased quick thinking and adaptability in a high-pressure environment, making swift decisions and providing accurate responses under tight time constraints.

Participated and Cleared Smart India Hackathon

September 2023

- Participated in the prestigious Smart India Hackathon, a nationwide technology competition organized by the Government of India. Successfully cleared the first round.

- Collaborated closely with a diverse team of talented individuals to tackle real-world challenges presented by government agencies and organizations. Demonstrated problem-solving skills, teamwork, and the ability to deliver innovative solutions under tight deadlines.
